

Battery Charging Systems for **Everyday Applications**

- Affordable, Reliable and Safe
- **TROUBLE FREE—Just Plug It In and Forget It!**
- Join Over 1,000,000 of Our Satisfied Customers!
- Wide Variety of Applications: **Bass Boats, Runabouts, Pontoons, Other Watercraft, Automobiles, ATVs, Golf Carts, Buggies, Lifts...**

RealPRO[®] advanced battery chargers are affordable, reliable and safe battery charging systems designed for everyday use. The system is engineered for users who need a charging system on an occasional basis and may not want or need the capabilities of a heavier duty and higher amperage product. Pro Charging Systems chargers are recommended by leading manufacturers.

Key Charger Features:

- FASTEST CHARGE in category 
- Detects and SAFELY charges a battery that is below 2 volts
- Zero Spark Technology
- Independent charging outputs – NO shared amperage – ensures proper charge to each battery
- Automatically charges Wet Cell, AGM and most *Lithium batteries (*Always verify with PCS before using with Lithium batteries.)
- True reverse polarity protected / no installation restrictions
- Float state maintenance / Battery maintenance mode
- CE approved and meets the ISO 8846 Marine standards
- Ignition protected (US Coast Guard 33 CFR 183.410)

INDEPENDENT CHARGING

WATER PROOF

ZERO SPARK

2 YEAR WARRANTY

One 6 Amp Bank
Model RS1

Two 6 Amp Banks
Model RS2

Three 6 Amp Banks
Model RS3

Model	Description	Independent Outputs	Total Output	Weight Per Unit	Size Per Unit	DC Charge Cables	AC Power Cord	Battery System
RS1	One 6 AMP Bank	Yes	6 Amps	3.0 lbs	3.0" x 4.5" x 6.5"	5 FT	6 FT	12V
