DSC Distress Send and Receive

USA/Canada/International Marine Channels

UM435 | UM435BK

25 Watt Full-Featured Fixed Mount VHF Marine Radio

- All USA/International/Canadian Marine Channels, including the new 4-Digit, and the Canadian "B" Channels.
- 1 Watt/25 Watt Transmit Power
- IPX8/JIS8 Submersible Level - This radio has been designed to meet the stringent IPX8 submersible specification of submersion in 1.5 meters of water for 30 minutes with no water intrusion.
- DSC (Digital Selective Calling) - Includes Distress Button, Position Send and Request. Gives you the ability to press one button to call for help during an emergency. Full Class D DSC capability. High performance transceiver ensures clear communication and helps prevent and reject interference.
- DSC Position Send and Request - Allows you to send and receive position information between your boat and other boats.
- Ultra Compact Rugged Construction - Saves valuable space and allows for convenient mounting. Designed to withstand the harshest marine conditions.
- Quik Command™ One-Touch Ch 16/9 Key on Mic - In addition to the channel up and down controls, the Quick Command control enables one touch access to the Coast Guard channels 16 and 9.
- S.A.M.E. Weather Alert (Specific Area Message Encoding) During a NOAA Weather or Emergency Alert, a code for your specific location will alert you to severe conditions in your immediate area.
- Full Dot Matrix Display with Easy-to-Use Intuitive Menus
- Backlit LCD Display and Keypad - Allows for enhanced viewing in low light situations.
- Triple Watch Plus™ - Allows you to monitor emergency channel 16 and 9, another user selectable channel plus weather alert.
- Memory Scan - Allows you to scan all channels saved in memory.
- Weather Scan - Hear local weather conditions and forecasts.

UM435
