

**DESCRIPTION:**

Presta Marine PMC Complete Compound is an innovative ultra-aggressive compound designed to remove P600 and finer sand scratches and heavy oxidation from gel coat, fiberglass and select painted surfaces.

**DIRECTIONS:**

- Shake well before using.
- Do not apply in sunlight or on warm surfaces.
- Apply a 2" dab of PMC Compound for a 2' x 2' (.6m x .6m) section and spread with the cutting pad. Buff at speed between 1800 to 2600 rpm. Recommended speed is 2200 rpm.
- Work the buffer side to side slowly in a figure eight pattern as you slowly buff the gel coat surface until most of the product is gone and gloss appears.
- Add more PMC Complete Compound and repeat if necessary to remove deep scratches.
- Remove compound splatter as soon as possible with a soft, damp cloth such as a Presta Micro Fiber Cloth, #800135.

**FEATURES & BENEFITS**

VOC Compliant & shop safe formula	<ul style="list-style-type: none"> <li>• No silicone</li> <li>• Eco-friendly</li> </ul>
Innovative emulsion formula	<ul style="list-style-type: none"> <li>• Cuts fast</li> <li>• Finishes clean</li> </ul>
Water-based	<ul style="list-style-type: none"> <li>• Easy to use</li> <li>• Easy to clean up</li> </ul>

For best results, use with hook and loop 100% twisted wool pad from Presta (single sided - #890146, double sided - #810073).

**PACKAGE SIZES:**

- 32 fl. oz.            163032
- 1 gallon            163001

## **PRODUCT FAQ'S:**

### **Q1: Is PMC Complete Compound body shop safe?**

**A1:** PMC Complete Compound is body shop safe and contains no silicone, wax, or fillers.

### **Q2: What grit sand scratches will PMC Complete Compound remove?**

**A2:** PMC Complete Compound is designed to remove P600 or finer sand scratches.

### **Q3: What is the main use for PMC Complete Compound?**

**A3:** PMC Complete Compound is a very versatile product that works well to remove aggressive sand scratches, defects and heavy oxidation in marine applications.

### **Q4: Can PMC Complete Compound be used with other Presta buffing systems?**

**A4:** Yes, PMC Complete Compound is compatible with all Presta buffing products and systems.

### **Q5: How do I know what Presta pad to use with PMC Complete Compound?**

**A5:** Presta products have a color coded banner behind the Presta logo on each bottle that matches the color of the buffing pad that should be chosen for use. For best results use the white, hook and loop 100% twisted wool pad from Presta (single sided - #890146, double sided - #810073).
