

## 360-SERIES | ROUND LIGHTS

RIGID introduces the all-new 360-Series family of LED lights. The optimized beam patterns project up to 8,600 raw lumens and are protected by an aluminum housing, features a blacked-out circuit board, prominent RIGID branding, and limited lifetime warranty making them the most robust and useful round lights on the market. Choose between a 4-inch or 6-inch light, preferred backlight color, and beam pattern for a customized experience and look. RIGID's 360-Series feature beam patterns available from 17 degrees to 60 degrees, offering an option for any application. Available in 4 backlight colors: red, white, blue or amber. RIGID's 360-Series round lights seamlessly integrate into multiple OEM applications and makes it easier than ever to Own The Night. Harness sold separately.
