wander the water

## Bombora Wanderer - 16g PFD Belt

Bombora's personal flotation devices deliver more freedom, ensuring less gets in the way of your adventure. We offer type V PFDs so you don't need to sacrifice safety for agility. Designed for versatility, comfort, and safety, our inflatable PFD belt packs are lightweight and ideal for water sports like paddle boarding and kayaking. Bombora's Fade Out Collection of PFD belts, offered in 4 unique colors, is inspired by paddle boarding at dusk and dawn - right when the sun hits the horizon.

Ultra-slim and lightweight design

Easy pull-cord inflation

Rigorously tested, US Coast Guard Approved

Zippered pocket

Soft, breathable neoprene-style liner

D-Ring attachments for small accessories

- Secondary oral inflation provides 29.5 lbs of buoyancy
- Buckle closure
- Product weight: 23.2 oz
- Product dimensions: 19×7.5×3 inches

### How It Works

Bombora's PFD belts are easy to wear and even simpler to inflate. Wander the water freely and safely with three simple steps.

#### 1 STRAP

Pull the belt around your waist and adjust the strap to tighten.

#### 2 PULL

Once in the water pull on the red tab to inflate the belt.

#### 3 FLOAT

A flotation bag will inflate out of the belt and keep you upright for ensured water safety.
