

Size O Block Range

Size O Blocks are ideal for use on dinghies and dayboats. Featuring both plain bearing and ball bearing options, they are compact and very strong.

Choose from a range of single sheave, double sheave or triple sheave blocks, each available with fixed eye and swivel shackle attachments and with becket options to enable to tie off rope used for multi purchase systems.

Triple blocks come with a cam cleat option, there are used with double or triple blocks for multi purchase downhauls and kicking straps.

Cheek blocks and stand up blocks are designed to be screwed into the deck, mast or boom to direct control lines from a fixed position.
