

Size 1 Block Range

Size 1 Blocks are ideal for use on dinghies and dayboats. Featuring both plain bearing and ball bearing options, they are very light yet very strong.

Choose from a range of single sheave, double sheave or triple sheave blocks, each available with fixed eye, double tang or swivel shackle attachments and with becket options to enable to tie off rope used for multi purchase systems.

Cheek blocks, upright blocks and stand up blocks are designed to be screwed into the deck, mast or boom to direct control lines from a fixed position. The back to back block gives lead options within the boom or underdeck.

Break load	710kg (1565lbs)
SWL	355kg (782lbs)
Max. rope	8mm (5/16")
Sheave diameter	30mm (1 3/16") x 12mm (15/32")

Ball bearing block maximum rolling load 245k (540lbs)
